Strategy

This guide will do it's utmost to make sure your journey through the game as painless as possible. I aim to give you the best decisions for each variable and let you make your own wherever possible.

WARNING! – THIS GAME HAS ADULT CONTENT, PLEASE MAKE SURE YOU ARE OF LEGAL AGE IN YOUR COUNTRY.

STAT POINTS

[CharacterName+/-] Relationship Points (Wholesome/Corrupt)

[CharacterName/Crucial Choice (Arc)+/-] Positive or True/Crude or Dishonest.

Cous=Cousin /Relat=Relationship/Preg=Pregnancy

Note: On **CC** sometimes Positive does not always mean good and Negative bad. This is stated by the developer to be a harem game after all so, play it as such if you want!

When I say (Better Choice) that's my opinion. The game is not yet complete.

[Moral +/-] Moral/Immoral (Most times Immoral is better in terms on content so far).

[Event Trigger] Triggers that affect dialogues, scenes and choices.
