The law isn't the
only thing I know
how to tie into knots.

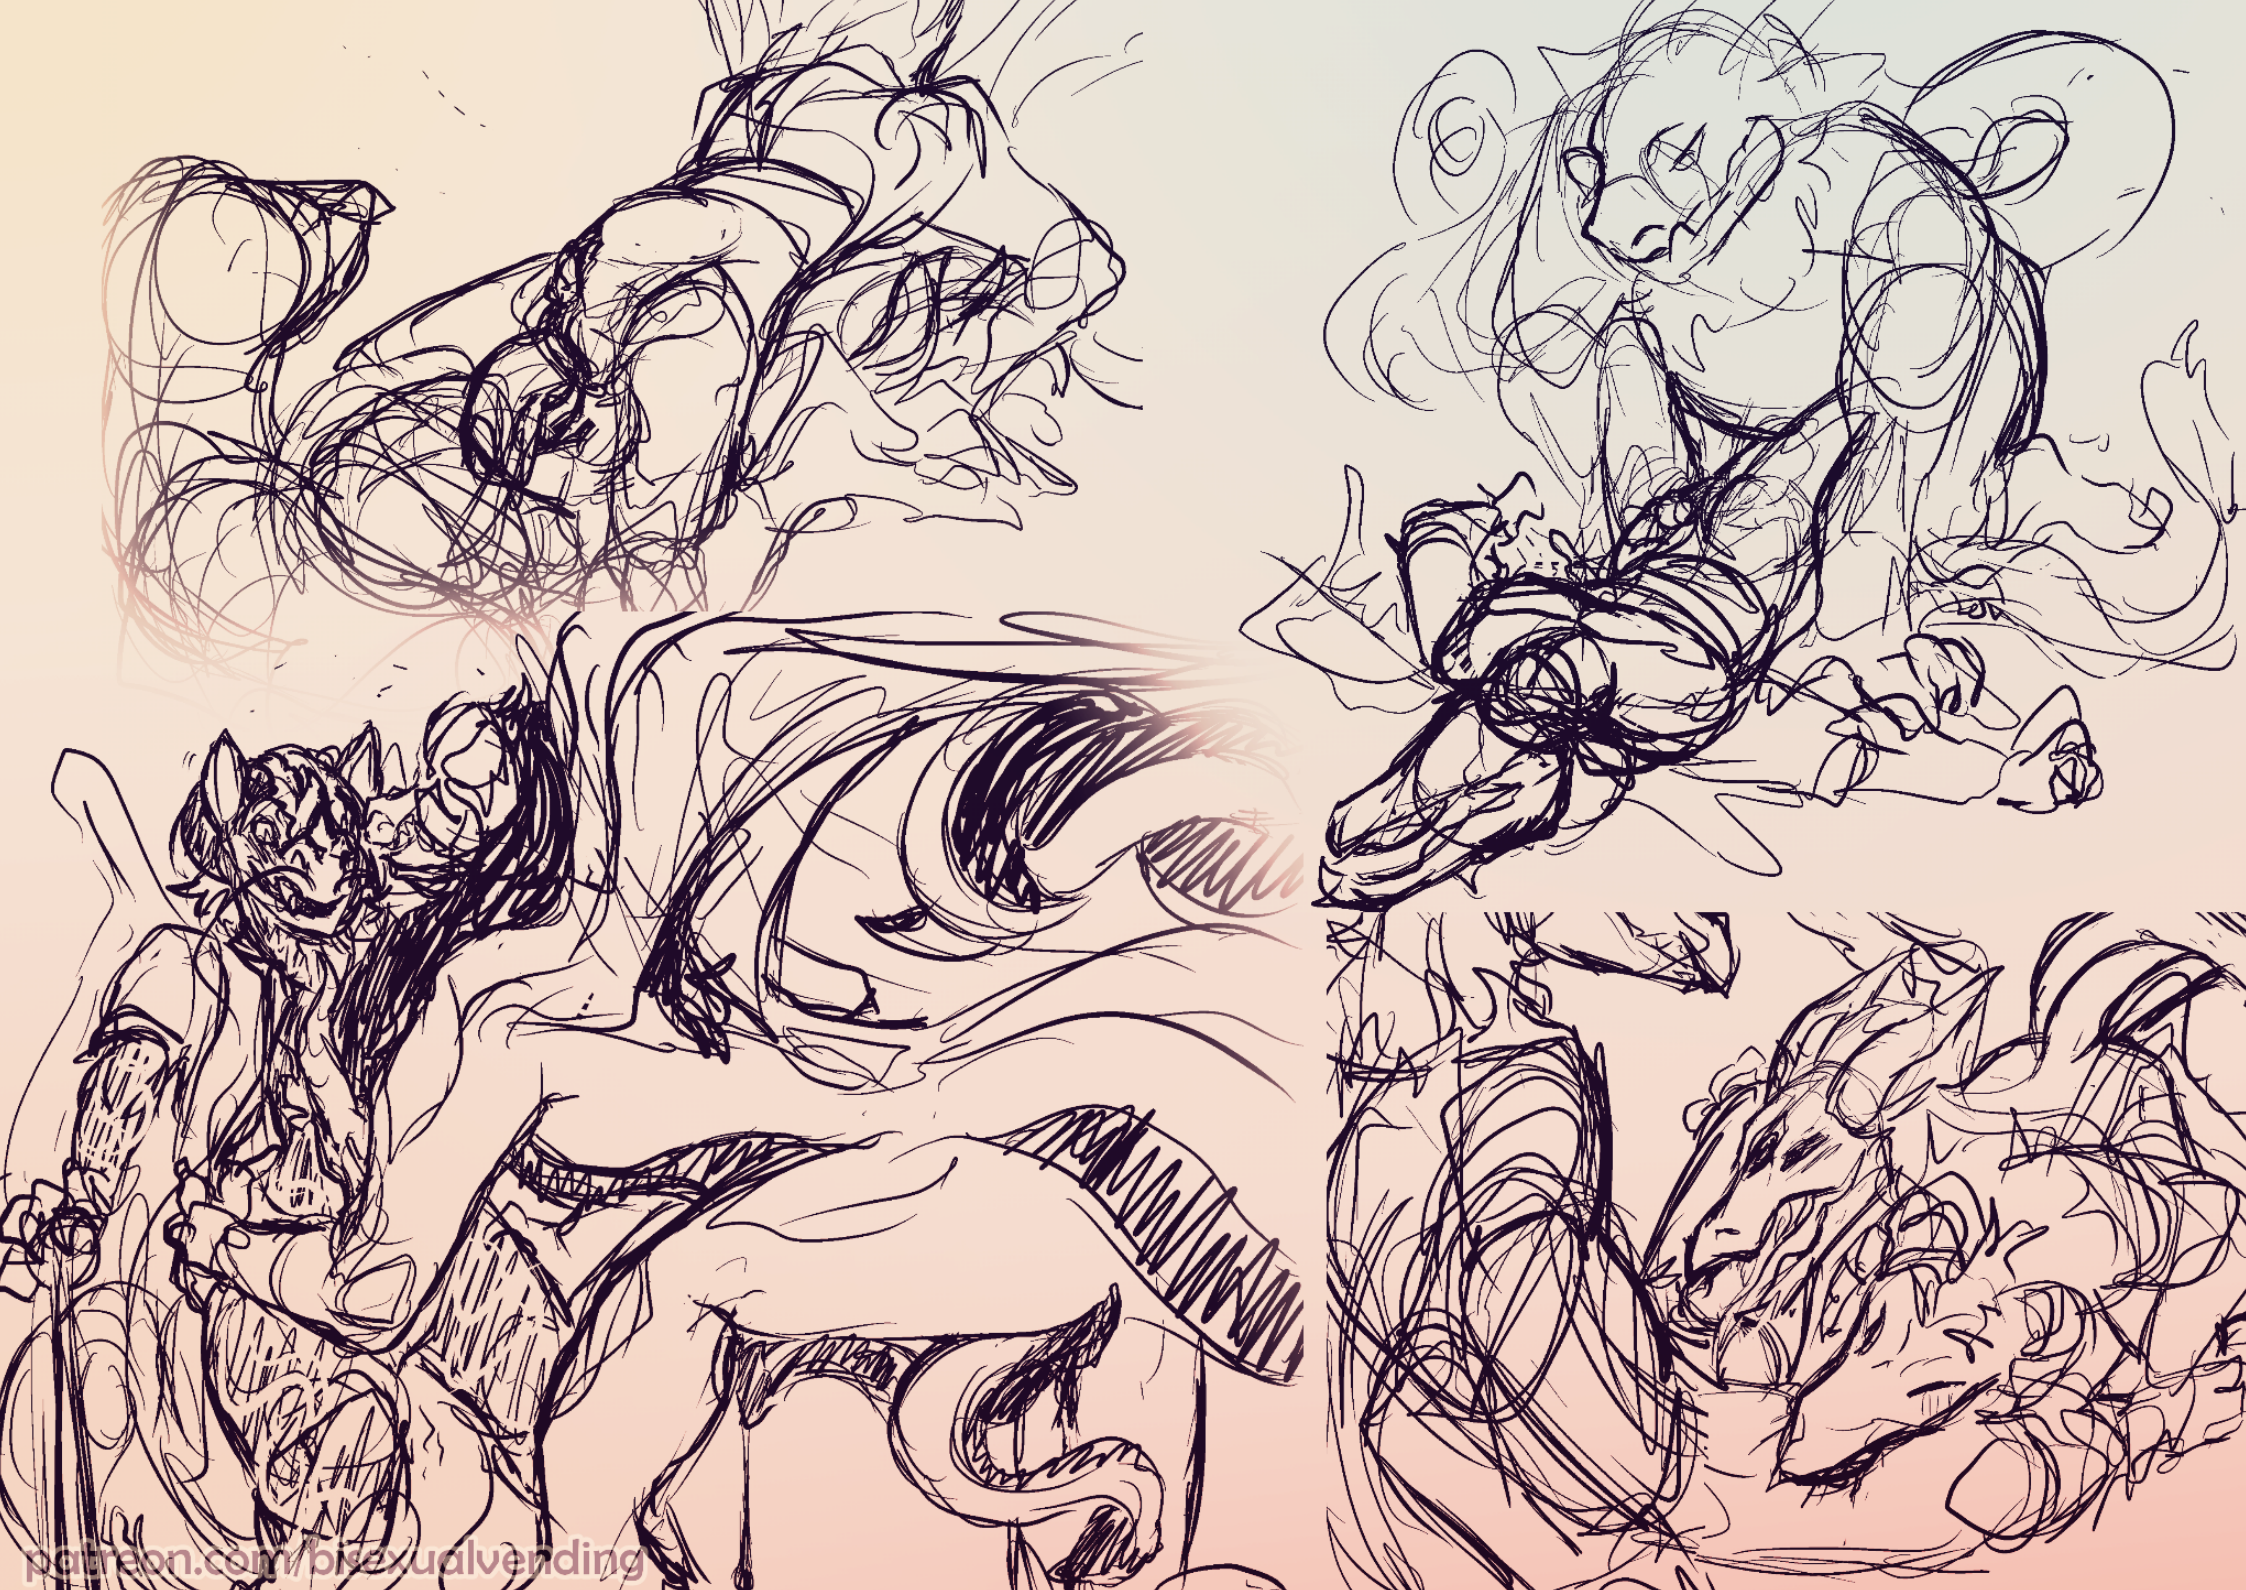

Why do I feel
like this is
something
Jack should
supervise?

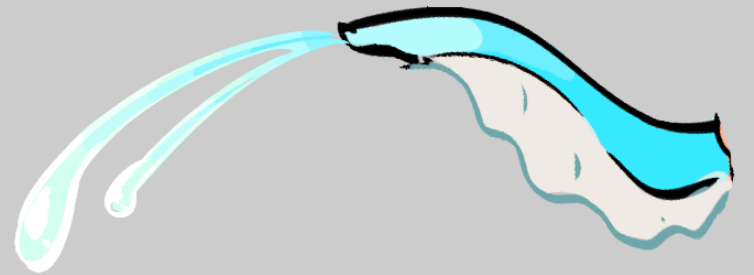

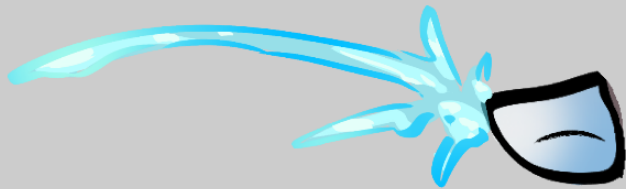

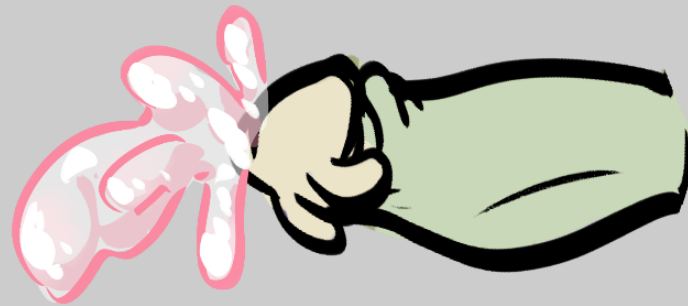

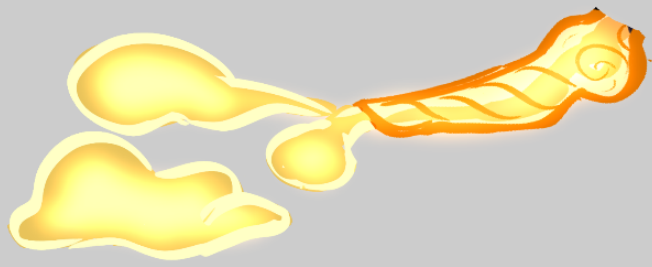

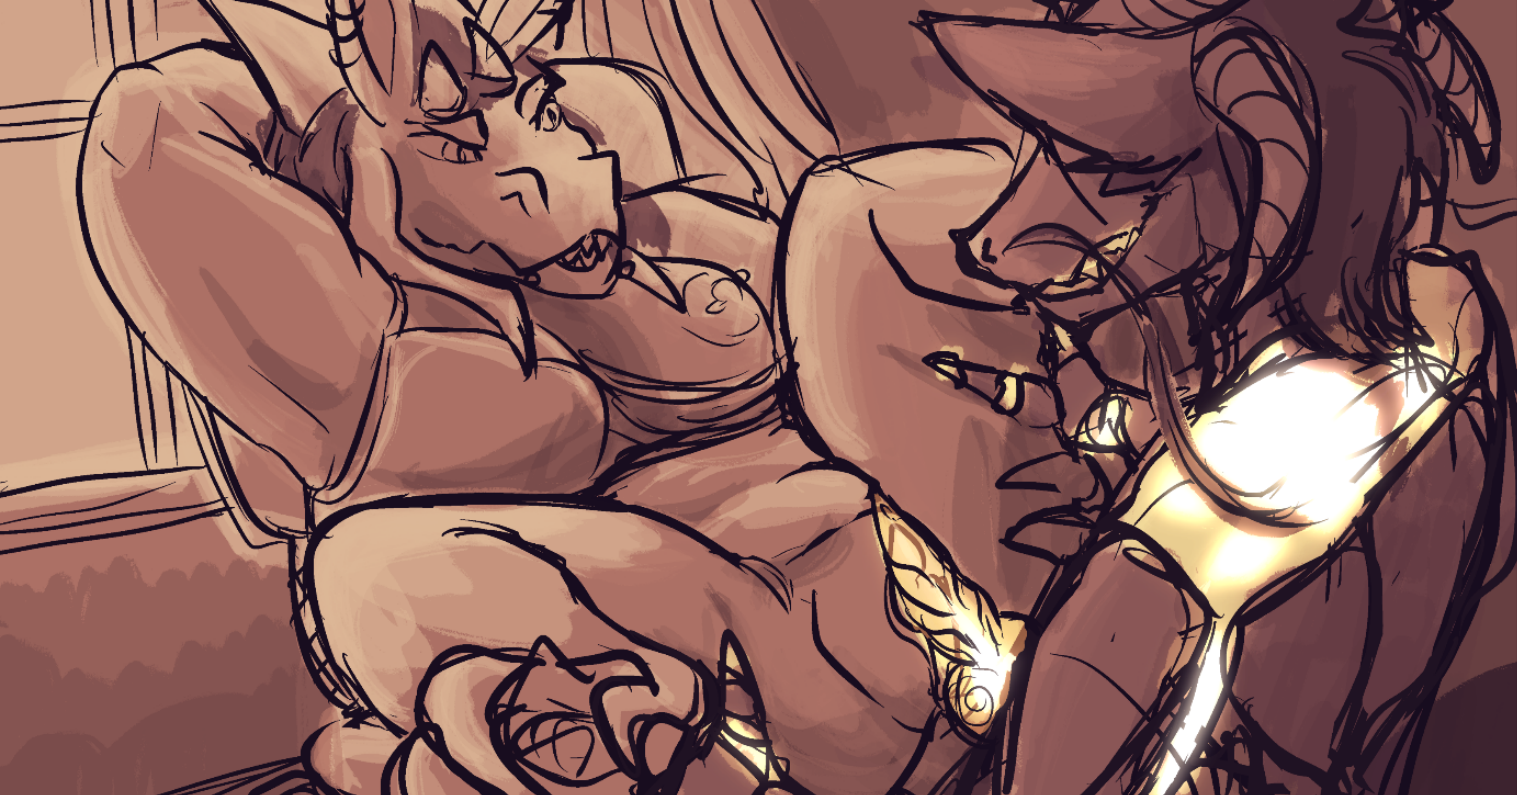

some characters and designs used
belong to my friends:

D. Shazzbaa Bennett
M. "Mochi" Vaughan
Thren

I have permission to post
and gain income from these arts.

This sketchbook was made specifically for,
and should only be published on,
my Patreon.

Thank you to my supporters for helping
me have reasons to continuing
drawing the spicy arts.
