

As you
should know
Queen Scáthach,
this child does
not belong here

Who are
you to tell
me what I should
or shouldn't know
Myrddin?

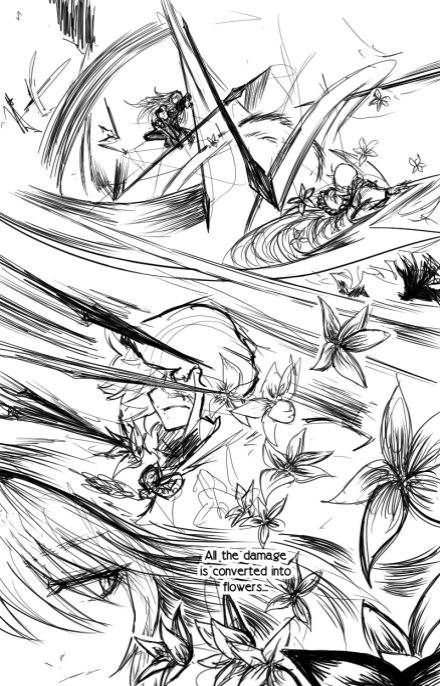

Do not force
me to repeat
myself.

Hm,
is that
so?

A pity.

All the damage
is converted into
flowers...

Have we
not kept
this charade
going long
enough,
Myrridin?

What happened
on the Ise and
--

-- whose eyes
dare enter my
lands?

My liege,
unless we
want to lose
Merlin I advice
to let him
speak freely.

Very well,
let us not
test the
patience
of the
Queen of
the Land
of Shadows.
Only observe
Merlin again
once he leaves
her lands.
