NMC Lore Drop #001: Neo Mint City

Neo Mint City

Built-in the Great Movie Boom of 1984. Neo Mint City or NMC was built on the old bones of Mint City, a small town. One of five cities intended to be built. Three were completed: San Tinsley, Cumberland Fox City, and Neo Minty City.

The hope of the new cities was to alleviate the growing capes and criminals problem. The nation's larger cities were being overrun with heroes and villains. None of the name-brand capes or criminals moved in. Now a lot of third-string capes run around stopping third-string and fourth-string criminals.

NMC was designed as everyone's hometown. A desert to the east, farmlands to the south, mountains to the west, and a large lake to the north.

Buildings throughout the city were made in different classical city styles. The city planner's goal was to make the city feel lived in. From neighborhood to neighborhood and block to block New Mint City can feel like a whole new city to explore. At the center of town, skyscrapers dominate the blocks around one of the largest city parks in the nation. NMC has just about everything you could want in a small town or large city. The city council is currently trying to become less dependent on cars and develop into a walking city.

Being near a desert NMC has warm weather year round. Short rain seasons. With a chance of light dusting for snow during the holiday season.

The NMC farm district is even divided between micro-independent farms and large corporate farms. This results in fresh, excellent farm-to-table offerings.

The mountains near the city have amazing views and are covered with hiking, biking, and ATV/motorbike trails. Rental cabins dot the landscape as well as four hot springs.

The lake, Drasses's Lake, has caused problems. Ship vanished from it for the first few years it was used. A freshwater group of Merpeople temporarily invaded the city in 1992. They quickly uninvaded when they started seeing Movies and TV shows. Now a tentative peace agreement and a large movie theater district keep everyone safe. They never stated if they were from the past or the future. The Merpeople claim they were not responsible for the vanishing ships. One season of the hit TV show 'Meet the Morgans' had a foreign exchange Merkid.

There are three major problems in NMC. The mysterious cyber alleys that appear at night. A roving gang of cybernetic people engineered for entertainment. Avoid 'The Laugh Track' if you hear them coming. The final trouble is street warfare. Not the gangs,

but the Paintballers. Due to NMC having several national winning teams the streets have gotten colorful. NMC City Council is in the process of Permit Reform regarding paintball. Currently, they are held up in several committees. The paintballers are very organized and active when it comes to the city council.

As a planned city NMC has a vast public transport system that is always improving. Designed with capes in mind it has an excellent disaster and recovery infrastructure in place. Your home gets smashed by capes and criminals? Three days later the new paint is drying on your new house. The nightlife is trendsetting on the world stage. If you have a niche, a micro subculture there is a club for you. Gothic-Greaser-Steampunk circa 1987 there are several clubs for you. Love Hardcore Puck of the 1970s and competition diving? Go on down to Zero Dive. The cosplay club scene is boujee. For you older citizens those clubs are 'off the hook' or 'groove.'

About the Author

What is Neo Mint City? Neo Mint City is a fictional city on a fictional Earth. NMC enjoys writing fun and provocative stories and sharing them with you.

The city is part of a world of interconnected stories. They happen in... you guessed it, Neo Mint City. You can enjoy each NMC storyline as a stand-alone or as a whole. Plus thrilling tales of supporting characters from the mainlines.

NMC also writes non-canon tales. Molly and Jonny's adventures are non-canon to NMC. We have considered adding them to the canon world and may do so in the future if the right story comes along. For now you can enjoy them in their stand alone series. Jonny's Turn is next up.

Thank you for reading my story. I appreciate you taking the time to read my spicy words. Truly you are awesome!
