

John and Jacob "After Game Night"

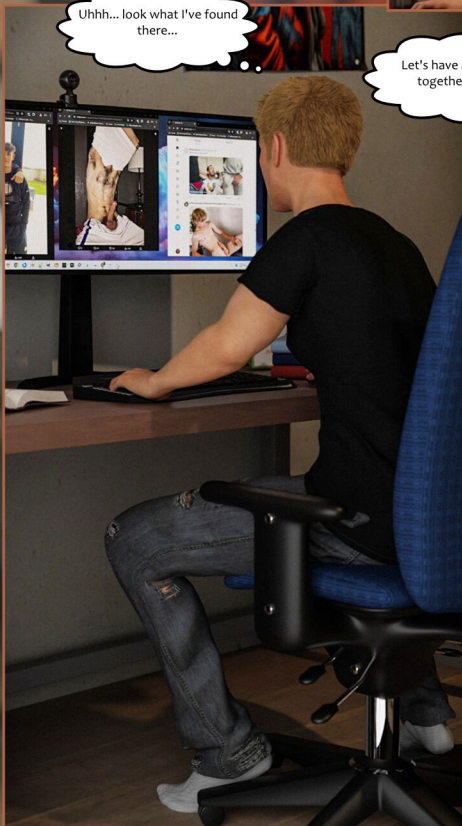

A fictional porn graphic novel for adults only. You must be 18 or older to read it. All characters portrayed in this story are 18 or older.

Content warning - the story is about consensual sex between dad and son.

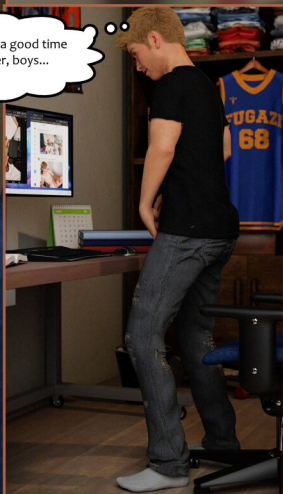

It's already quite late in the night. Jacob spent the whole night playing games with some friends on the computer. He had just closed the game a few minutes ago and opened his browser...

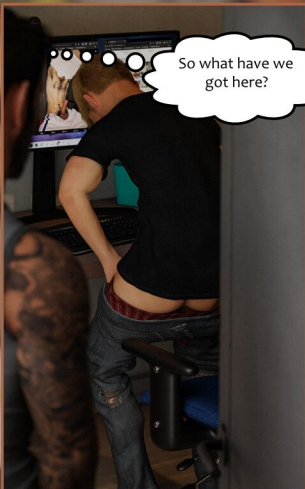

Uhhh... look what I've found there...

Let's have a good time together, boys...

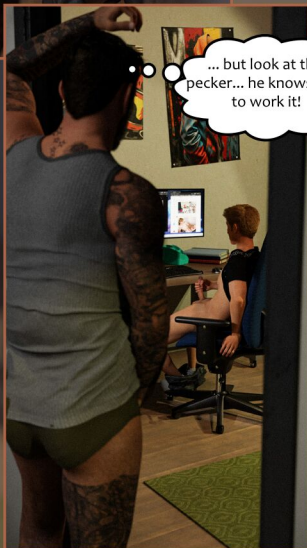

Just in the second when his son drops his pants John arrives in the doorway. He actually wanted to say "good night", but then he changes his mind.

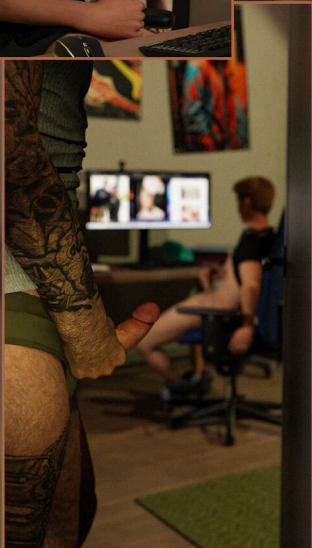

So what have we got here?

I think he didn't realize that I stand here... maybe I shouldn't...

... but look at that pecker... he knows how to work it!

Yeah, boy... give daddy a little show!

Well... Jacob has already realized that his dad is standing in the doorway stroking his hard-on. They both had some special encounters before and Jacob is horny as hell. So why not teasing him a little?!

You need a helping hand, dad?

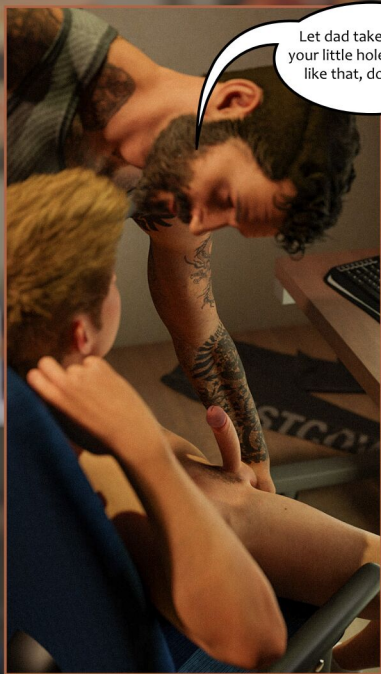

Well, boy... I know you can handle it so don't hold back.

Yeah, boy, just like that!

Jacob works his dad's hard-on like a pro. He has plenty of experience about how to handle such a tool. Then John bends over to reach the sweaty area between his son's legs.

Let dad take care for your little hole, boy... you like that, don't you?

FUUUCK... Yeah, old man...

Jacob loves getting fingered... by his friends, by his dad... whoever. And not just fingered! But for tonight and for dad he has some other plans.

Uhhh... you really want dad's cock, don't you?!

Such a hard and wet boner...

It's because you make me really horny, boy.

Jacob really needs to taste the pre-cum which is dripping from his dad's boner.

Oooh... booooy...oh yeah, wrap your lips around dad's cock.

Ohhh... baaad booooy... bad, bad boy!

Then John wants to taste his boy...

Give me a good view at your junk... yes, just like that

Common dad, I know you wanna taste it!

Woaar... you're a master sucker, old man!

After his dad sucked on his dick for a while Jacob decides that it's time to prepare his dad for his plans for this night...

"Get up, dad, and bend over the desk..."

John excitedly follows the instructions of his son.

Dad's hole is now wet and relaxed... the fun can begin.

With every thrust Jacob pushes his pecker deeper into his dad's willing ass...

With every thrust John feels his son's hard-on deeper in him. Without touching his own meat he feels the orgasm arising until he shoots his cum all over his son's desk.

I'm cumming,
boy... OOOHHHH

With every shot John's hole contracts. Jacob feels his dad's hole contracting on his dick - there is no way to pull himself together now: He only wants to shoot his wad.

FUUUUUCK
