After having a good time with some friends Ben comes home late this Friday night.

Dad often falls asleep on the couch... but not that often naked.

Bette close the blanket....

Oh wow... it's so warm. Fuck how I'd like to use it right now. Woar... it is so hot to touch my dad when he sleeps...

Oh... my own son gropes me... let's find out how far he goes.

Hm... oh yes bud... you know what you're doing.
