How to Use this Guide

Upcoming content:

Sorry it took so long for another issue. A lot more content has been made since the last time so this should make it easier to find what you need. As for what is going on this month:

- Professor Orgy: Rowan
- Content for February in Australia, Nintendo Hotties, AAA Gaming
- Other misc. content if there's time.

Hyperlinks:

- The content will have **hyperlinks in bold and underlined letters** that will lead you to the content in Patreon, Subscribestar, MyMember, or JustForFans.
- There's also a '**Back to table**' button if you need to start over. They can be found at the start and end of each section in case you get lost.
- Sadly, the layout of the JFF store doesn't have individual product pages so it can be inconvenient.
- They will **not** lead you to the Twitter posts.
- Each guide will cover all the content up to the end of the month prior. So, that means this guide will not help you find upcoming content.
- This guide is mainly to catalog my own content. There are no plans to release files for commissions and patron benefits.

Any other questions, contact tetraworldofpokémon@gmail.com or Direct Message me on [Twitter](#) or [Bluesky](#)

[Back to table](#)

Subscription Platforms

[Back to table](#)

Subscriptions allows you to access a year's worth of porn, downloadable at that. Though full length videos will be at the highest tier or one time purchases. Still it's a high value option so this I'd do if I want to eat some content.

- [Patreon](#). A subscription platform where most of my content can be found. I've also set up a mini shop for individual items.
- [Subscribestar](#). Has the same content as Patreon. Lower install base, but more lenient policies means there would be content not on Patreon.

Content Types

There are several types of content I release. Some may be super effective for you.

- **Limited \$3**. Made with limited animation and usually does not include voice acting.

Strong against: **Budget Users**

Weak Against: **Fancypants**

- **Standard \$5**. My standard. All of them being short videos with voice acting. But usually does not include cum scene.

Strong against: **New users**

Weak Against: **Cum Sluts**

- **Deluxe \$7**. The fancier stuff with content made with higher quality. May include variations of the same video and/or cum scene.

Strong against: **Fancypants** **Cum Sluts**

Weak Against: **Size Queens**

- **Full \$10 (Most popular):** Sequences with cum scenes, talkies, Mystery Gifts, and cum scenes. But since so there's so much free porn, there's not much I can do. Though not all sequences can be downloaded, which would be on my storefronts.

Strong against: **Size Queens** **Cum Sluts** **Fancypants**

Weak Against: **Just being cheap**

- **Champion \$30.** A new tier for downloading full length videos containing all the perks the lowers. 3 Videos will be made available to download. Each month 1 new one added and 1 old one dropping. So I recommend subbing once every 3 months.
 - Strong against: **Size Queens** **Cum Sluts** **Fancypants**
 - Weak Against: **There's other things to spend money on**

You will find these keys throughout this guide telling you what kind of content each are:

One-Time Purchase Store Fronts:

Let's say I can't convince you that subscriptions are a high value option, you can just purchase single items and be on your way.

- [Patreon](#). This now supports one-time purchases so exclusives will not be available there. For those who want to stick to one platform should go here. It does not have a lot of my older content
-
- [JustForFans](#). My primary storefront which updates at the same time as my subscription platforms. It also has more lenient policies in which I can add exclusive content on here. Video bundles are sold in zip files.
-
- [MyMembers](#). The alternative storefront that functions closer to Gumroad with a more robust store system. Older content expected to be included later.

Strong Against: **Completionists**

Weak Against: **New users**

[Back to table](#)

Tips and Guidelines

[Back to table](#)

Takeaways

- **\$5, \$7, \$10 Tier** content on Patreon and Subscribestar will be released simultaneously with JustForFans, and MyMember.
- Nearly all my content can be found on Patreon via **\$10 Tier (Audience)** except for JustForFans exclusives, or downloadable versions of select sequences.
- However due to Patreon's stricter policies, some content may be relegated to Subscribestar or JustForFans (e.g Fathering and Sonning)
- My content remains on my Patreon for 1 year before they are removed. A public post will be made to notify you.
- My content has a cycle refresh during the holiday season. In which I will make my annual **Legacy Packs**, which will be sold at **JustForFans or Patreon** as one-time purchases. But wary as they are HUGE HUGE files, they can only be distributed as zip files.
- **Mystery Gifts** are released with a public reveal on social media 3 months later. I may not always make one each month.
- **PayPal has policies against adult content**, so be careful when you use it to buy porn. You could get locked up or get a content creator in trouble.
- **Storefronts** do not accept PayPal due to the policies. It's a sad loss that Gumroad when that route.
- Some exclusive content and downloadable versions may not be available under subscriptions, which this guide will help point out.

Recommended Routes

Here are some way to enjoy my content for different budgets.

Living Dex Route

If you gotta catch'em all, I recommend the following:

- [Tetra's Legacy 2024 Pack \(Deluxe\)](#) to get all the downloadable as of November 2024.
- Subscribe to my Patreon for **\$10 Tier** to keep up with my latest content.
- Collect any **One-Time Purchase exclusives** as they release. (Patreon, MyMember, JFF)
- Or you can wait for the next annual **Legacy Packs** releasing at the end of November.
- Full Length videos can also be streamed, just not downloable.

Starter Route

If you want start simping on a tight budget,

- Sub to my **\$10 Tier** on Patreon to get access to a year's worth of porn.
- And/or find my [2024 Legacy Pack \(Standard\)](#) for \$40 for hundreds of videos.

PokeMart Route

If subscriptions are a no-go I have a storefront on:

[Patreon](#), [MyMember](#), and [Just for Fans](#)

. However, do check out this guide before you make your one time purchases.

DynaMax Route

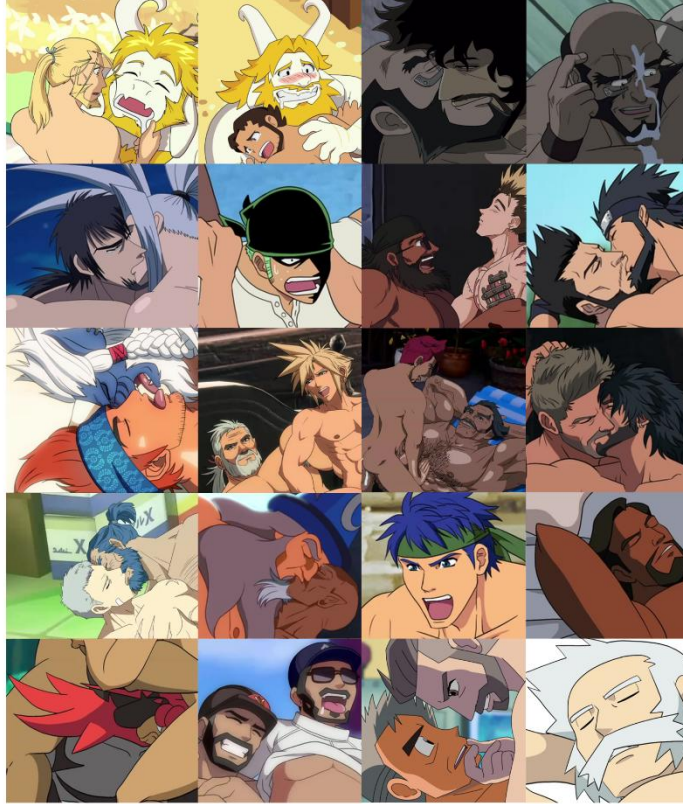

If you only want full length videos, sub to my \$30 Tier every three months for 3 new videos. They are also sold separately on my storefronts.

If you're having trouble or questions, do contact me.

POKÉMON

Episode: Professor Orgy

My most ambitious and signature work features one professor of each generation. The Pokéball of Kukui's Incineroar is stuck inside Professor Oak. Since he has such a tight hole, each professor takes turns loosen him up. Kukui and Turo's VA completed his work but has since retired.

[Back to Table](#)

Current rotation: Professor Kukui and Samson / Professor Laventon

Kukui and Samson set to release Mid-June, with Laventon Late-June.

Tears of the Kingdom was being hyped at the time, so I conducted a two-month period doing Zelda Animations. There were a lot of art style shifts, so it was exhausting. So, in the end, the Wind Waker style gets the most representation due to how easy it is. Then I ended the event with a big Ganondorf x Link sequence.

Short Story

[Back to table](#)

Joy: There. Just be sure to keep your temperature down so that you don't overboil.

Brock: Ah that makes sense, if Chansey overheats, it will turn stiff.

Joy: How are you doing Brock?

Brock: Oh fine, fine! Shadowing you these past few days have been

Joy: Well instead of just watching me, I think it's time that you get some hands-on experience with help you with your studies.

Brock: Hands on?

Joy: Yes! I'm gonna show you how to use these hands.

Brock: Hands?

Joy: It feels really good.

Brock: Oh boy...What do I do? Is she? She couldn't be! Oh no I'm not ready for it.

Actually I gotta go meet with my dad now, I'll see you next time.

Joy: Huh? Oh well, I can teach him how to give lymphatic massages later on.

Brock: Hey dad, I'm home!

Flint: Glad you could make it.

Brock: You still wearing that dumb disguise?

Flint: Actually no. Your mother wanted me to grow it out for once.

Brock: Well, I just don't see why.

Flint: So how was your studies?

Brock: *Stiff Well I-I-I

Flint: What's wrong? You're as stiff as a rock.

Brock: Joy said she was going to show me how to use her hands.

Flint: And.

Brock: She said it would feel good.

Flint: !!! Really son, then then she-

Brock: No...She was being so forward with me that it caught me off guard. So, I bailed.

Flint: Oh son. You're pathetic. She practically gave herself to you. Looks like I'll have to teach you a thing or two.

Brock: Uh dad.

Flint: Don't' worry my son, let me show you how a pro do it.

To be Continued

Hottie Dex

This is an encyclopedia with data entries for all hotties I've come across with.

It includes a short **BIO**, **CRY**, and **HABITAT**

To play the **CRY**, click the hyperlink and you will be taken to the file to play it.

The **HABITAT** lists the character's source of origin. If there is an anime adaptation, it would include their anime debuts and/or some of their highlight episodes.

I hope you will find this useful as I keep updating the database.

Pokemon Professors

Professor Samuel Oak

(オーキド・ユキナリ博士 Dr. Yukinari Ohkido)

Professor Samuel Oak is a distinguished Pokémon researcher and mentor to countless aspiring trainers in the Pokémon world, renowned for his extensive knowledge of Pokémon species, behavior, and habitats. At an early age, Sam embarked on his own journey to understand and document the diverse array of Pokémon species that inhabit the world through his Pokédex project, which has been passed down through the generations for many trainers thereafter.
