This companion document will help you navigate my growing collection of stories.

I often get flagged or removed from sites even for just listing kink warnings or descriptions of chapters. For this reason, I wanted to provide a guide to all my stories right here in one place as a downloadable doc instead of listing the information in places that might get me in trouble.

This document includes FAQs, Synopses and Reading Orders of each series, Kink Warnings for each chapter, and Casts of Characters for bigger series.

GUMROAD VS SUBSCRIBESTAR?

Important! : Gumroad is under pressure from payment processors to crack down on adult content. Payments no longer work on my account, and I am no longer able to share stories on Gumroad.com. I am now migrating everything over to

<https://subscribestar.adult/skollstories>

Worried about anonymity? Feel free to use a proton.me email.

Yes you can download everything and then cancel subscription.

Each tier is a separate subscription with its own pricing. Switching between tiers requires purchasing the new one at full price - there is no "upgrading" or discounts.

FREE STORIES?

I try to make as many chapters as possible free or at least cheaper over time.

I honestly wish I didn't have to charge money like some cringy salesman. But contributions from readers have actually kept this hobby of mine afloat when I would have otherwise given it up long ago. Most of my content would have never come into existence without all the love and support I've gotten.

PAYMENTS?

I know buying adult content online can be sketchy, but everything is secure. Feel free to reach out if you have any questions.

WHY I WRITE?

I started writing for myself, because I never seemed to find anyone else writing what I wanted to read. But along the way, I've made a few genuine friends and met a ton

of people who enjoy my horrid little stories. I have real love for my readers, and the support I receive has been enough to make all this hard work worth my time. So thanks to all of you keeping this hobby of mine afloat!

Everything is entirely fictional, and I don't condone any of the things I write about. My stories are supposed to be disgusting and wrong. The point of much of my writing is to combine violence, horror, and taboo themes, trying to creep myself out as I write. I explore what it's like to be a villain, doing things far removed from anything I would actually do in real life. This is **FUN** and **THRILLING** to write, **BECAUSE** it's wrong. It should be noted that a few of my female friends are big fans of my writing. I actually cater to their feedback a lot. So whatever judgments or assumptions some people have about me, they're probably wrong. Again this is fictional horror, and I have little in common with the characters I portray in my stories. Also, I write **PORN** not **PLOT** and don't care if my stories are good literature or not.

I WANT POSITIVE FEEDBACK

If you enjoy my work, let me know your favorite parts! I love to know what people want **MORE** of!

I DON'T WANT NEGATIVE FEEDBACK

If you have negative feedback or want me to write **LESS** of something, it'll probably just be ignored. I'm writing **EXACTLY** the kind of stuff I want to write and others want to read.

COMMISSIONS?

Sorry, I don't really do commissions, since I need to really be into something personally in order to write. But feel free to let me know any requests or ideas, and who knows, maybe I'll like the idea and write it.

S.O.L. Games

SYNOPSIS

DISCLAIMERS

In this series, I write from the perspective of the **VILLAIN**. That means I don't agree with his choices, and you're not supposed to either. We're all acknowledging he is evil and wrong. Obviously nothing he does should ever be done in real life! Please be mature adults and separate fantasy from reality. This **SHOULD** evoke visceral, icky feelings. That's the **POINT**. This is **HORROR**.

This is more **PORN** than **PLOT**.

All characters are 18+. This is a work of fiction. Any resemblance to events, locales, or persons living or dead is purely coincidental.

“Fawn”: 18yo high school cheerleader. Popular, admired by boys, always on phone. Long straight black hair. Pretty face, adorable bashful doe eyes. Glossy lips. Big cute

cheeks, dimples, big adorable smile. Half Asian, maybe Hawaiian or Pacific Islander, darker complexion, tan. Thin athletic, similar build to Taylor. Legs like gazelle, slim lithe. Small perky chest. Songbird damaged her throat, beats her, broken bones permanently twisted at odd angles and cracking as she moves.

“Bookworm / Worm”: Mid to late 20s, college girl or maybe recent grad. Bookseller at bookstore. Type of girl who turns heads and knows it, treated like princess. Blood not pure, not virgin. Shiny black hair, perfect spirals past shoulders. Face stunningly beautiful. Pretty painted nails. Sharp dark eyebrows look stern bossy. Sexy brown eyes, striking eyeliner to wingtip points. Dusky almond skin tone, ambiguous ethnicity, maybe light-skinned half-black, dark-skinned Indian or Middle Eastern, or combination. Slender figure, sleek thin lush elegant, curves subtle but shapely. Clothes a bit overdressed for her job, classy dark red waterfall cardigan, dark blouse and slacks underneath, stylish heeled boots. Spit-roasted and ruined by Lamb, Samson the dog, and swarm of bats. Permanent holes all over. Turned by Lamb (and Samson). Transforms sometimes, fur on forearms and calves, ears grow to point, snout protrudes, showing skull ripping through face, long canine teeth.

“The Doves”: Sisters found celebrating Youngest’s 18 birthday, others are a year or so apart. Practically untouched when found. Forever virgins frozen at perfect age, pure as doves. Miraculous healing powers, better than anyone else in family. Turned by Vee, inseparable with her. All have naturally fair platinum blonde silky straight hair. All have glowing look, blue eyes, rosy lips, minimal or no makeup needed, faint feathery eyebrows, overall very Scandinavian, almost fairy-like. All have flawless slightly pinkish pale skin and petite bodies.

“Youngest Dove”: Tense, timid, disgusted and not into things yet but learning our ways. Baby-faced, adorable. Shortest, proportions curvier, though still tiny, squishy soft all over.

“Middle Dove”: Most eager to please. Seems like girl who’d sit at front of class, get straight A’s, do extracurriculars. Girl next door appearance. Thinnest, tallest, though still on short side for woman, somewhat athletic figure, sleek limbs. Nearly flat chested.

“Oldest Dove”: Eva’s favorite. Hair has more flowing waves than others. Most modelesque of the three faces, every feature simply perfection, unfair beauty, everything symmetrical, dainty eyebrows, sultry eyes seem to smile sleepily, elegant little nose, delicate pink lips. Has height between the others, lithe and slim besides chest and butt.

Timestop: The Class Test

SYNOPSIS

Male student freezes time in the middle of class to explore and fuck his 18yo classmates.

This is a 4-part standalone story in my Timestop series.

DISCLAIMERS

In this series, I write from the perspective of the VILLAIN. That means I don't agree with his choices, and you're not supposed to either. We're all acknowledging he is evil and wrong. Obviously nothing he does should ever be done in real life! Please be mature adults and separate fantasy from reality. This SHOULD evoke visceral, icky feelings. That's the POINT. This is HORROR.

This is more PORN than PLOT.

All characters are 18+. This is a work of fiction. Any resemblance to events, locales, or persons living or dead is purely coincidental.

KINK WARNINGS

- Non-con (but with mutual pleasure)
 - Pervy creeping around (crawling under desks/skirts, etc)
 - Sniffing / Tasting / Gross Descriptions
 - Bit of Foot Fetish
 - Cruelty and humiliation
- Later chapters:** Sweat, gross bodily fluids/smells, light anal play

CHAPTER SUMMARIES (spoilers!)

Spoilers! Includes full chapter descriptions.

Part 1

He stops time, 'explores' under Alyssa's desk, then Torie's. He resumes time to see reactions, then follows Torie into the hall and freezes time again to fuck her against a locker.

Part 2

Time stopped the entire chapter, he stands on desks to throat-fuck Jennifer, then Simone. Then he lies Jade on Alyssa's desk to do the same to them. Next he explores Maria's chest. Finally he returns to explore under Jennifer's and Simone's clothing. He tit-fucks Jennifer, then uses their mouths in a double throat-fuck to see who makes him cum first.

Part 3

Time still stopped, he enjoys some mischief around the room, then explores under Jade's skirt as she lies on Alyssa's desk. Next he sits at Maria's desk with her on top of it to explore under her skirt. Then he resumes time to see reactions, and Jennifer tries to escape to the restroom. Before she can, he freezes time and fucks her against the door and then on top of Maria. He resumes time once again to see Jennifer's intense reaction.

Part 4

He stops time and lines up the remaining four girls to compare them. Alyssa, Jade, Maria, Simone. Then he lies them on the teacher's desk to fuck and enjoy them each in a variety of ways. He grades them all, seeing which is the best, which can make him cum. In the end, he resumes time for a grand finale of reactions.

CHAPTER SUMMARIES (spoilers!)

Chapter 1 - Warming Up

The story is just 'warming up'. He creeps around and possesses the husband's body to explore the wife while she sleeps. Then he possesses the daughter for some solo play with her body.

Chapter 2 - Mommy's Gift

He possesses the wife and binds the daughter to the bed, forcing her into intense mother-daughter incest.

Chapter 3 - The Naughty List

He possesses the husband to inflict violent discipline and punishment on the mother and daughter, training them to behave. Daughter is bound on back on bed, mother is bound over her in 69. He explores them more and fucks the wife over daughter with them like this.

Chapter 4 - Cookies & Milk

Still possessing the husband, he makes the wife clean up the mess they made of the daughter. Then more punishment and discipline is issued. Finally, mother and daughter are bound sitting at the headboard of bed. He explores their bodies more, including breast milk and armpits, then cums on them yet again.

Chapter 5 - A Broken Ornament

Still possessing the husband, he suspends the mother and daughter in a bondage 69 position above the bed, which allows for several types of incestuous oral fun. Then he fucks both of them, finally taking the daughter's virginity. Be warned, from this chapter on, the story is very extreme and polarizing. The chance you are alienated by specific kinks increases.

Chapter 6 - Winter Showers

He suspends the mother spread out upright at foot of bed. Then possessing the daughter he explores and violates the mother, including fisting and pissing. Then possessing the husband again, more fucking and pissing on the bedroom floor.

Chapter 7 - Bath Time

Still possessing the husband, he takes a bath with the girls to clean everyone up, still issuing discipline and punishment. Leads to fucking the daughter with drown/breath play. Then he forces the girls to insert butt plugs. Includes analingus ass-cleaning.

Chapter 8 - The Feast

Still possessing husband, he takes them downstairs to bind wife onto kitchen table. Then food fetish with desserts all over her, while the daughter blows him under table. Finally he fucks the bound wife missionary on table, with daughter sitting on her face.

Chapter 9 - The Family Tree

Still possessing husband, he makes the girls clean each other with mouths. Then he binds them in a unique back-to-back sitting position by the living room fireplace. He punishes them in various ways, including vibrators, overheating by fire, and fucking in several positions. A grand finale longer chapter with a bit of almost everything from previous chapters.

Timestop: The Train Ride
