THE SURVEYORS LIABILITY FOR THIS DOCUMENT SHALL BE LIMITED TO THE ORIGINAL PURCHASER AND DOES NOT EXTEND TO ANY UNNAMED PERSON OR ENTITIES WITHOUT AN EXPRESSED RECERTIFICATION BY THE SURVEYOR WHOSE NAME APPEARS UPON THIS SURVEY.

I hereby certify that this is a Category I survey as defined by the Standards of Practice as adopted by the Tennessee State Board of Examiners for Land Surveyors, and the ratio of precision of unadjusted error is greater than 1:10,000 as shown hereon.

JEFFREY A. LEOPARD
TN RLS #2415

GENERAL NOTES:

- 1.) BEARINGS BASED ON RECORDED DEEDS OR PLATS.
- 2.) NO TITLE REPORT FURNISHED TO THIS SURVEYOR, THEREFORE THIS SURVEY IS SUBJECT TO THE FINDINGS OF AN ACCURATE TITLE SEARCH.
- 3.) ALL DISTANCES MEASURED WITH E.D.M. EQUIPMENT, AND ARE ADJUSTED FOR TEMPERATURE.
- 4.) THE PROPERTY SHOWN ON THIS PLAT IS SUBJECT TO ALL COVENANTS, RIGHT-OF-WAYS, EASEMENTS, ZONING, AND RESTRICTIONS OF RECORD WHETHER IMPLIED OR OF RECORD.
- 5.) THIS DOCUMENT MUST BE COMPARED TO THE ORIGINAL HARD COPY ISSUED AT THE SURVEY DATE WITH ITS ORIGINAL SEAL TO INSURE THE ACCURACY OF THE INFORMATION AND NO RELIANCE SHOULD BE MADE ON A DOCUMENT TRANSMITTED BY COMPUTER OR OTHER ELECTRONIC MEANS UNLESS FIRST COMPARED TO THE ORIGINAL SEALED DOCUMENT ISSUED AT THE TIME OF THE SURVEY.
- 6.) BEARINGS AND DISTANCES SHOWN TAKE PRECEDENCE OVER SCALE.
- 7.) UNADJUSTED ERROR OF CLOSURE IS GREATER THAN 1:10,000
- 8.) HORIZONTAL DATUM ASSUMED.
- 9.) PROPERTY CURRENTLY ZONED: R-01 (AS PER TAX CARD)
- 10.) SUBSURFACE AND ENVIRONMENTAL CONDITIONS HAVE NOT BEEN EXAMINED OR CONSIDERED AS PART OF THIS SURVEY. NO STATEMENT IS MADE CONCERNING THE EXISTENCE OF UNDERGROUND OR OVERHEAD CONTAINERS OF FACILITIES THAT MAY EFFECT THE USE OR DEVELOPMENT OF THE TRACT.

HEREON DEPICTION IS SUBJECT TO "FEDERAL COPYRIGHT LAWS" ANY USE OF SAME WITHOUT THE EXPRESS WRITTEN PERMISSION OF B2L HOME AND PROPERTY SOLUTIONS IS PROHIBITED

Note: Due to the change in costs to material this proposal is good for 30-days only

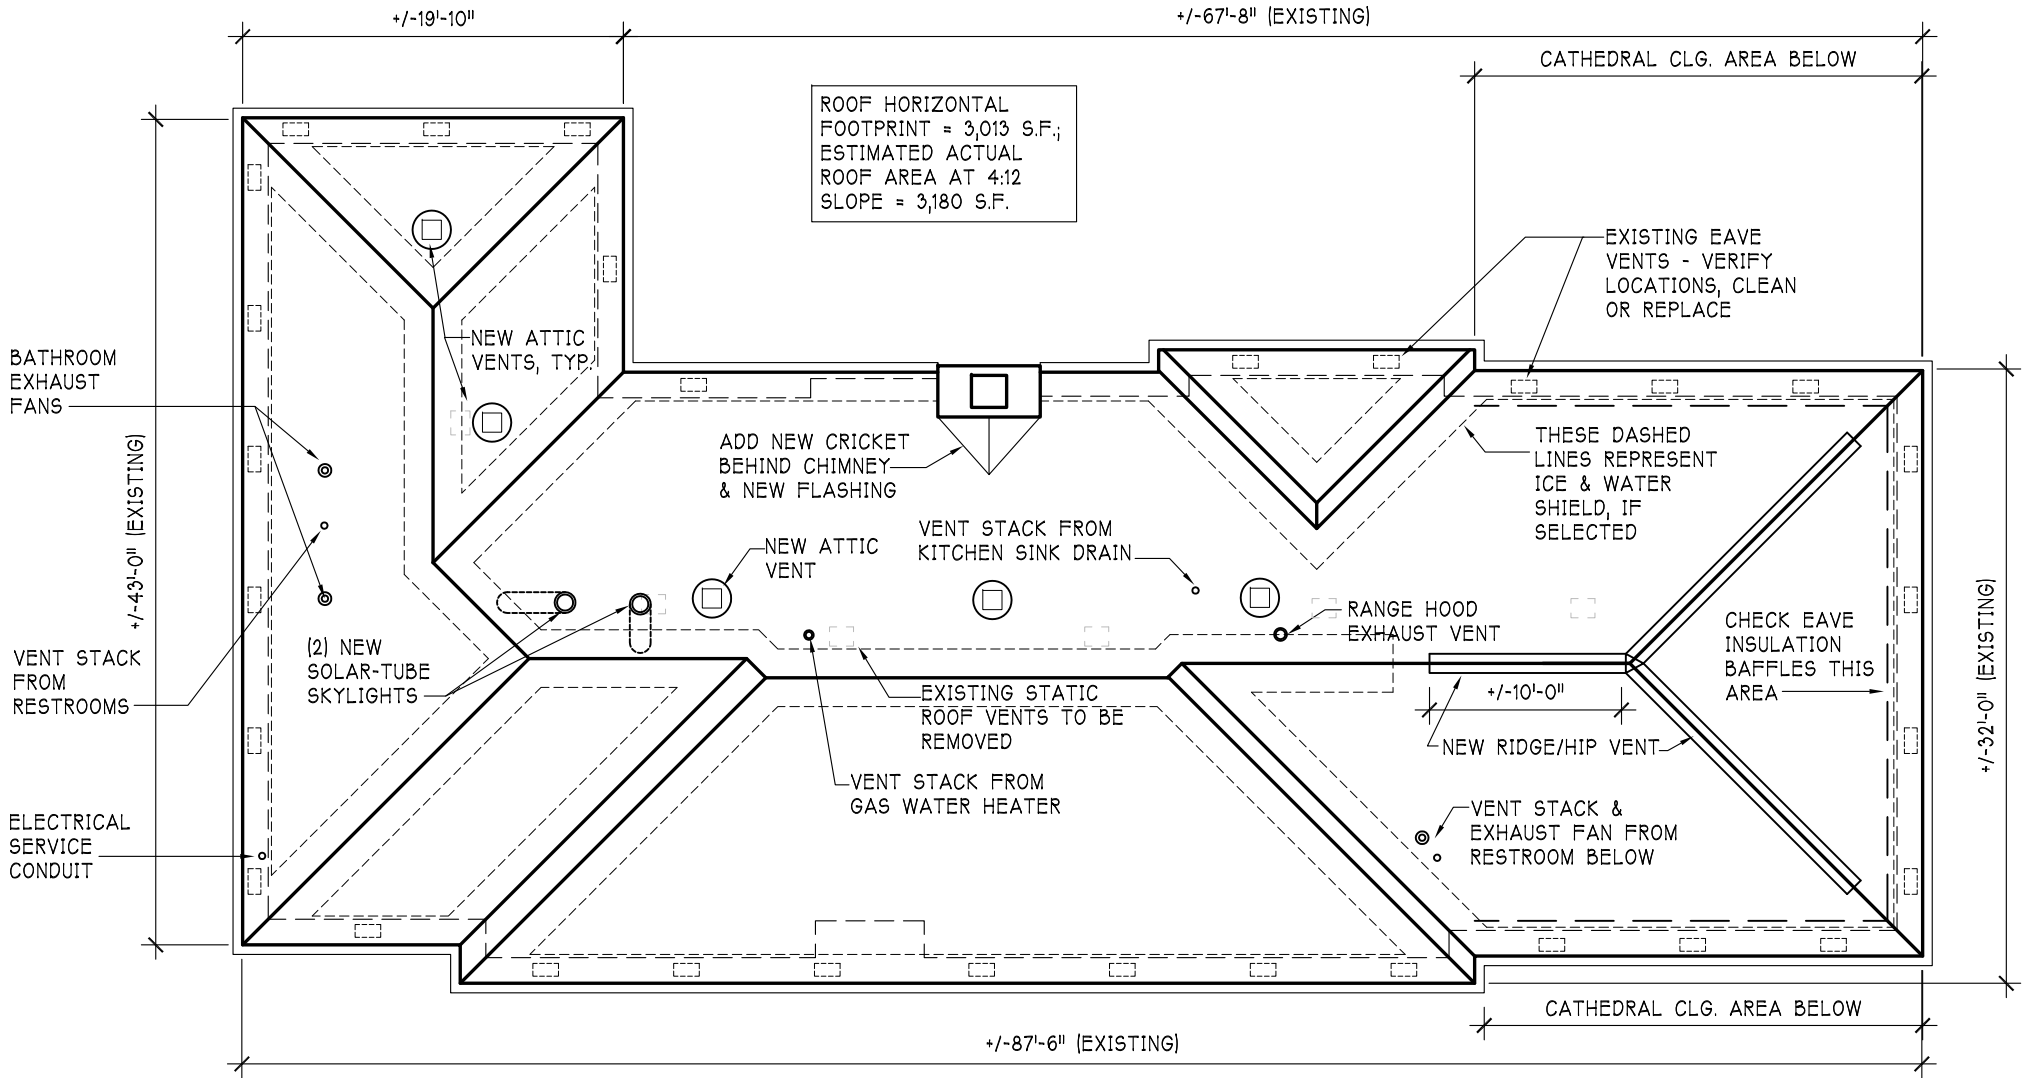

ACCEPTANCE OF THIS PROPOSAL: I have read this document thoroughly and find the above or attached prices and specification satisfactory. I recognize this as a legal binding contract, and I agree to pay the contract price in full on completion of the job as described unless other terms are stated. If payment is not made within time prescribed, I further agree to pay all collections cost and/ or expenses including attorney's fee. I affirm each and every term and fully expect the parties to this contract to abide by the terms here including attorney's fee.

Pay Schedule: Fifty percent (50%) is due to begin work, and the balance is due upon completion of the job. The final payment must be received within ten (10) business days of the acceptance of the certificate of completion. If the final payment is not received within this period, an interest charge of one percent (1%) of the contract amount will be added to the final invoice amount.

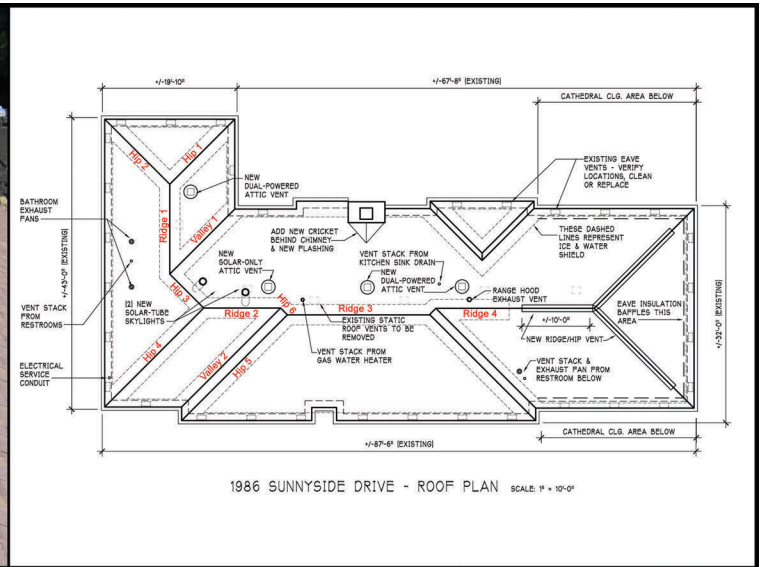

Insufficient Funds: Any customer who has a check returned for insufficient funds will be responsible for any bank fees in addition to a service charge of \$20.00. The fees and service charge will be added to the outstanding balance.

Re-Roof Material Specifications for 1986 Sunnyside Drive, Brentwood:

- 1.) 1.) Energy-Star Lifetime Warranty shingles:
 - Certainteed “Landmark - Solaris”, Energy Star color “Dusky Clay”
- 2.) Underlayment:
 - Teclar “Tuffguard”
- 3.) Ridge / Hip / Valley membrane flashing:
 - Grace Ice & Water Shield
- 4.) Add cricket at back of chimney – sloped plywood, shingle over.
- 5.) New copper roof-to-wall flashing at chimney (approx. 60”x30”) tuck-pointed
- 6.) Ridge vents:
 - Air Vent Inc. “Hip-Ridge Vent”, 12” wide – 45 linear feet
- 7.) Attic vents:
 - a. GAF “Master Flow Green Machine” Solar Powered Roof Vent – Quantity: 1
 - b. GAF “Master Flow Green Machine” Dual-Powered Roof Vent – Quantity: 3
- 8.) Clean existing eave vents or replace as necessary to ensure optimum air flow: paint any new vents to match existing color
 - 16”x8” louvered vents, quantity approx. 30
- 9.) New drip edge flashing around perimeter into gutters
 - a. Preferred: Copper (please price)
 - b. Alternate: Aluminum (please price)
- 10.) Replace all existing roof deck with new 5/8” pressure-treated plywood.
- 11.) Around eave line of bonus room cathedral ceiling – install insulation baffles in each rafter space to ensure ventilation flow above batts under deck.
- 12.) Add plastic sheet in attic at bonus room wall to separate ridge-vented attic area from power-vented attic area (approx 25 sq.ft. – staple plastic sheet to existing framing)
- 13.) Tube Skylights:
 - Solatube “Brighten-Up” model 160DS, 10-inch, with Natural Effect lens, and pitched flashing and flashing insulator. Need 2 elbows each, and extension tubes. Quantity: 2
- 14.) Add attic access ladder in interior hallway ceiling:
 - Louisville Ladder 22.5”x54” for 7’ to 8’-9” height 350lb load Model AS229GS

Re: Proposed Job Scope for 1986 Sunnyside Drive
Brentwood, TN 37027

JOB SCOPE AND CONTRACT WITH ACCEPTED TERMS AND LIMITATIONS

This is a proposed job scope for the property located at 1986 Sunnyside Drive, Brentwood, TN 37027. This scope is based on the limited investigation performed by Donald Knarr of Groove Mold Remediation Services on Monday, April 11, 2011. Heavy to Sporadic mold growth was observed from one end of crawlspace to the other. At this time the types and quantities of mold are not known.

It is the suggestion of Groove Mold that the following crawlspace cleaning service conducted:

1. I see a potential problem with your drainage. I would contact Scott Walter with Vintage (838-0015)
2. I see a potential problem with you HVAC ductwork. I would contact Larry Claud with Innovative Heating and Air (708-7755)
3. A vortex fan will be put in the crawlspace during the cleaning process and vented to the outside.
4. All insulation is to be bagged and removed from the crawlspace.
5. The infected area in the crawlspace will be cleaned by the following method;
 - a. Hand Sanding Wire Brushing
 - b. HEPA Vacuuming
 - c. wet wiping with Penta 900-P
 - d. HEPA Vacuuming
6. Independent mold inspector should inspect work and do post testing to confirm that crawlspace is clean. Customer's responsibility

This scope of work is expressly limited to the items listed below. Furthermore, a work authorization will accompany this scope and be an integral part of this agreement. Groove must have all of the documentation signed and approved before work will begin. Work will proceed in a timely manner.

Time

- Crawlspace cleaning will be completed in 3 days,
- A start date will be given when this scope is approved
- Groove must be granted full access to the site during normal working hours
- Additional work beyond the scope of work may add substantial time and cost to the project

2964 Sidco Drive, Suite 110 Nashville, TN 37204 P.615.292.1444 F.615.292.1119

Limitations

- Scope is only for listed work and valid for 30 days from the date printed on the top of the first page.
- Any change in work must be in writing prior to work being done
- Duct system is not included. A cleaning of the system is recommended. A thorough inspection of the ductwork should be conducted to make sure that the lines are properly connected and sealed.
- Any hidden items not visible at the time of the quote will be charged an amount in accordance with our standard rate schedule
- Due to the age of the HVAC ductwork, the HVAC will need to be shut down during remediation
- Due to nature of the job, Groove Mold can not be held accountable for any damage to any wiring or plumbing during the remediation process. All precautions will be taken to minimize any damages from occurring but Groove Mold will not be held responsible for any damages or cost that come from any damage that is occurred to wiring or plumbing while doing remediation work in the crawlspace.

Payment

- A deposit of \$ 1,400 is due at signing
- Groove Mold does except credit cards with a 2% increase in final pricing.
- The remaining balance will be due immediately following the post-remediation sampling (if conducted)and mold levels have been returned to acceptable levels
- Additional work is to be performed under the original work authorization

Goal

To create an environment that is less conducive for mold growth (excluding any unforeseeable moisture or water intrusions, i.e., extensive Relative Humidity, pipe breaks, or acts of God).

By eliminating excessive moisture in the crawlspace through a proper moisture barrier and proper crawlspace ventilation, we will be creating an environment that is less conducive for mold growth. Since mold is ubiquitous it is impossible to eliminate mold completely. Creating an environment that is dry with proper airflow and ventilation is paramount to preventing future mold growth within a structure. Customer understands that when trying to prevent mold in the crawlspace there is no one single product or machine that can do this. It is a well balanced attack of preventing water evaporation from occurring, controlling excessively high relative humidity and establishing proper airflow that will keep the crawlspace dry and in essence starves the mold and prevents it from growing.

Price

Insulation Removal and Disposal (1,825 square feet x \$0.35)	\$ 638.75
Crawlspace Cleaning (1,825 square feet x \$1.75)	\$3,193.75

In signing I, having the legal right and/or ability to contract work for, 1986 Sunnybrook Drive, Brentwood, TN 37027 and agree to the above described work to be completed.
