

Thanks!

I was just reading about the 2018 tax code...

Have you figured out the income tax ramifications of having no mortgage interest deduction (because you will live in an apartment), plus no spousal dependant (another lost \$12k write-off), plus not being able to write-off the alimony you pay me, combined with the new 2018 tax laws? (Not to mention the loss of the "business in home" and other MM write-offs)?

Seriously, I'm concerned for how you have and continue to set yourself-up for your future.

It looks to me, like you will have double the taxable income that you previously had, which won't likely change for 5-10 years, until you can afford to purchase another condo and complete paying my alimony.

Have you really ran the numbers on all of this and considered for a moment if maybe there is some way for you to mitigate your tax losses?

It looks to me like you have created and are walking into the worst possible scenario tax wise, which will largely defeat much of the vocational success you've reached in recent years.

Am I missing something, misreading something, not understanding anything correctly? Have you discussed options with a CPA or even your brother, or someone with an MBA, or at least a tax professional?

I hate to see you screw yourself, especially to solely benefit Uncle Sam.

Is there no better way of doing this?

Correct, my tax situation is going to suck for a very long time.

Is there nothing we can do h

To help that?

Dec 22, 2018

Not that I know of.

The Moment I KNEW!

Have you talked to your brother about it or asked an accountant?

Dec 22, 2018

Yes I've talked to mark and my dad. No haven't talked to an accountant. 90k gross - 31k taxes - 21k alimony = 38k net. Plus or minus.

No Incentive to Earn!

Goodbye Alimony!

Didn't your dad or Mark have any suggestions to bring down those insane taxes?

Dec 22, 2018

Nope. This is why I cannot afford to keep house, and need sale to help pay down debts.

Fawn Fenton (mobile) • Dec 22, 2018

Yet the house would save you how much in taxes?

Debts are all from this year... how did we fall so far so fast?

Dec 22, 2018

Someday when alimony is done, I can get a job making only \$43k gross and have same net of +/- \$38k.

The Goal :(

That is crazy... their must be a smarter way to spend all that you've worked for?

So back to the house, how much does the mortgage interest take off your taxes?

Your dad and Mark didn't have any suggestions to help you pay less in taxes?

Hello?

If you kept house, you would have a massive tax write-off, plus if you got one female roommate, you would be earning equity, have money to slowly

Dec 22, 2018

Mortgage interest is about \$12k.
