

The rain was hammering down on to the car as Tina was driving home from the city. It was dark and the hypnotic repeating of the windscreen wipers was reassuring as they cleared the screen.

About half way home the roads were dark, she had left the city behind and the country roads were not lit at all, visibility was difficult so she was not driving fast until suddenly all of the lights on her dashboard illuminated and the car just died. Crawling to a standstill Tina slowly pulled over to the side of the road.

“Ah shit, that’s all I need!” Tina said to herself as she pulled out her mobile phone to call the breakdown company.

“Brilliant, no signal, sodding phone”

Tina looked around and through the back window she could just make out a dim orange street light shining on a small house completely standing on its own. She looked in the back seat for a coat which she did not bring with her. She was wearing a pair of jeans, a t-shirt, some ankle boots and patterned socks. Looking out of the window she exclaimed

“Well, I’m going to get soaked but here goes”

She opened the car door and immediately stood in a puddle but leapt out and shut the door. The house was about a quarter of a mile away and Tina started running towards it getting more and more soaked by the rain with every step.

After 5 minutes and totally out of breath Tina arrived at the house, it looked inconspicuous with a porch over the front door. There were windows either side of the front door and 2 windows in the upstairs floor. She knocked on the faded, green door.

The door slowly opened about 6 inches;

“Ello” a man’s voice said from the shadows

“Hi, um, my car has broken down, would it be ok to use your phone to call the breakdown people?”

Tina said as the rain pelted down onto her. The door slowly opened and in the doorway stood a man, mid 50’s with a balding head, he was dressed in trousers and a woollen jumper.

“Come on in love, course you can” he said with a wry grin. Tina smiled and followed him inside.

The house was warm as she followed him into the living room

“The phone is over there love” the man said while pointing to the corner of the room. Tina quickly picked up the receiver, dialled the number and was relieved to hear a friendly voice on the other end. It took about 5 minutes to organise the breakdown company to come and rescue her car, the female voice on the other end of the line advised Tina that she couldn’t get anyone there for 2 hours so Tina thought it was ok, she would wait in the car.

When she put down the phone the man turned to her;

“All ok love? You are soaked, there are some spare clothes upstairs from when my daughter comes over, and you look about her size. I’ll take you up and you can get changed in her room” the man said and beckoned Tina to the stairs

“Come on then” the man said to her impatiently.

Tina thought she didn't have a lot of other options, she was absolutely soaked through and had to get out of these clothes before she caught something so off she went after the old man up the stairs.

At the top of the stairs to the right was an open door leading to a bedroom, as she followed the man inside she could see the room had a double bed and a wardrobe in it together with a window which looked out into the darkness. The décor in the room was old but comfortable.

"There you go, there are some clothes and a towel in the wardrobe, I'll leave you to it" the man said as he backed his way out of the room closing the door behind him.

Tina walked over to the wardrobe, the floorboards creeping with every step. Inside the wardrobe were indeed some clothes, jeans mainly with a couple of blouses and t-shirts. Tina picked out some jeans and a black t-shirt before grabbing the towel and rubbing it through her hair. She sat on the edge of the bed and took off her top, bent down to untie the laces on her boot and slipped them off. She was about to take off her sodden socks when she saw something out of the corner of her eye.

Above the head of the bed a glistening cock like tentacle had appeared out of the wall, Tina sprang back and coiled in disgust as the tentacle, roughly around 30 centimetres long, was wriggling and writhing as it jutted out of the wall. Tina was flabbergasted but couldn't help but stare at it in bewilderment

"What the fuck is that?" Tina exclaimed.

Not taking her eyes off of it for a second, Tina stood up and removed the 2 wet socks that adorned her perfectly shaped and pedicured feet, unbuckled her belt and took off her jeans. She stood at the end of the bed still looking inquisitively at the tentacle at the opposite end when, from its tip, a puff of smoke spirted out towards her hitting her flash in the face. Tina instinctively pulled her hands to her mouth but was already coughing from inhaling the sinister cloud.

After clearing her throat she could still taste the smoky contents of the cloud and it tasted rather nice but with each taste that was in her mouth she started seeing flashes of graphic sexual acts being done by this tentacle, each flash revealed more and more, the flashes involved her being pleased and she could feel a warm tingle between her legs. Tina instinctively crossed her legs and squeezed hard causing herself to nearly orgasm as her eyes slowly closed.

"Stop it now" a voice in her head was screaming

"Get dressed and leave" the rational voice told her.

"But if I leave I'm only going to get soaked again" Tina replied to herself aloud

"No, I'll wait in here I think, it needs me here anyway" she finished.

She had to have it, she stared at the tentacle at the other end of the bed. It was wriggling a writhing so sexually. In a near trance like state Tina removed her bra and took down her pants before lifting a leg and placing her knee on the end of the bed, both hands then lowered themselves so slowly onto the bed and her other gorgeously soft, smooth soled foot left the carpeted floor to join the rest of her body on all fours on the bed. Tina crawled slowly across the bed toward the tentacle, it started to smell really good. As she got closer she could see that it was glistening with something wet all around it. She assessed that it looked like a cock but wasn't a cock.

As Tina reached the head end of the bed she knelt, sitting on her legs in front of the tentacle just staring at it. The door behind her opened slowly and the old man stood in the opening

“It’s been too long” he said with a smile on her face.

Tina’s thoughts were racing, she wanted to do so much, felt so hot, so horny but there seemed to be a barrier between her and the tentacle that she couldn’t break. She could feel the man’s hand on the top of her back and he rubbed so gently, Tina could have almost cum from that she was so turned on but the man bent down and whispered in her ear;

“Enjoy every moment my pretty lady”

Almost immediately after the man had stopped speaking the barriers that were between the phallic worm and Tina were gone. She slowly raised up both hands and touched the tentacle, it was pulsing in her hands as she could feel the slippery member fill every pore of her palms. As she squeezed slightly she could see glistening fluid coming from the end of the phallus which dripped onto the pillow below. She leant forward lifting her arse off of her legs to expose it to the old man at the end of the bed. Tina slowly clasped the end of the tentacle with her soft lips and pulled the member deep into her mouth, it felt amazing and kept pushing, she could feel it touch the back of her throat and wouldn’t stop. It kept probing further into her throat as she could feel her pussy throbbing so hard. Tina was about to climax but for some reason it wouldn’t let her, or was it the old man that wouldn’t let her? The cock like, evil, possessed tentacle was about to possess Tina in the most exquisite way, she could feel it getting bigger in her mouth and the thought raced through her mind

“Oh no, you’re gonna cum” Tina thought.

She could feel little drips from the end race down her throat into her body before opening her eyes and watching as she could see it starting to pump from the wall. The hot love liquid erupted into Tina’s throat and spread to all parts of her body, the very last place to feel it was her feet but by the time it got there the man had a hand on both soles rubbing them gently. Still she couldn’t cum, she was hot and could have fucked absolutely anything at that moment in time just to be able to orgasm. It was frustrating the hell out of her, her mind was pleading with her body to cum but it wouldn’t.

Then, Tina could feel a hand between her legs and immediately thought;

“Oh, now, that feels good”

The man moved from her feet to her arse and slowly parted Tina’s cheeks. With the tentacle cock still in her mouth the man got closer to Tina’s arse before placing his tongue on her opening. He started licking all around Tina’s anus before stopping and telling her;

“Now I am going to count back from 10 to 1, when I get to 1 you WILL orgasm and we will possess you, you will become one of us and serve only us”

And with this he returned to what he was doing to her delicate area.

“What, one of them? Shit, no I don’t want to” Tina thought and started to struggle to move

“I could run out and back to the car” she thought.

“10” mumbled the man

His voice sent sparks through her not to mention what he was doing to her

“9”

“Fuck, what am I going to do” she thought but the tentacle just kept wriggling inside her mouth

“8”

Tina could feel goosebumps start to emanate through her body and the orgasm start to slowly build, it was still a way off but Tina knew the signals.

“7”

She lifted one knee off of the bed to try and get away but the man’s attentions just intensified making Tina’s body obey his will

“6”

Again the tentacle started to cum in Tina’s mouth. This time she could taste it and it was the best thing she had ever tasted, her thoughts diluted into ecstasy once more.

“5”

Now she could feel her pussy throbbing and dripping as her whole private area started to twitch in pre-orgasm, the tingles slowly taking over her body.

“4”

“I need to get out of here now” she thought and once more struggled against her imaginary shackles

“3”

“Oh my god” she said in her head as she lost complete control of her thoughts. The man’s tongue then leapt deep inside her anus and his fingers, 3 of them, plummeted deep into her wet, aching pussy.

“2”

The tentacle cock then removed itself from Tina’s mouth and dripping from her lips was some of the liquid it had pumped inside her, she could feel deep within her body the liquid going to work on every sensitive part of her, she felt amazing as she said out loud

“Um, I think I’m going to cum”

“1”

“Oh, fucking, yeah, I’m coming hard now” Tina said as the man’s attentions to her body were feverish

she could feel every muscle in her pelvic region clamp down hard on the man’s tongue and fingers as her body started jolting in the most sexually submissive way ever. Her whole body was falling in love with that tongue and those fingers that it just wanted to devour them.

The man pulled away from her arse while his fingers were still making her pussy climax.

“It’s good to listen to my voice” he said in a soft voice

Tina found this voice incredibly arousing as she was still having the longest orgasm of her life

“No, I must go home” she replied

“I am now your master, you will do as I wish” he said

“My ma..” Tina trailed off as another wave hit her

“Yes, you must give yourself to your master, me” he said

“Give myself, yes” she said

“Submit yourself to me” his voice was so horny

“yes, my master, you are my master” Tina had another wave of orgasm flow over her as she heard herself say those words so said them again

“You are my master, I obey only you” she said

“Yes, that’s better” he said.

The man removed his finger from inside Tina, then licked them dry while she was still on all fours. The tentacle then leapt from the wall onto Tina’s back and wriggled slowly down to her arse. She felt a shudder of pleasure over her body as she was still dribbling the fluid from her lips onto the bed.

The tentacle finally reached her pussy and slipped inside bringing another earth shattering orgasm to Tina’s body. It disappeared inside her and Tina slumped down onto the bed, naked and drifted off into a marathon wet dream, orgasm infused slumber.

“Rest my slave, we have work to do in the morning”

Tina was taken.....
